25.August - 27.August 2011
Grand Hotel Heiligendamm
Heiligendamm Germany

Prof. Dr. Gustav Steinhoff
Department of Cardiac Surgery, University of Rostock

Call for abstracts

This years 11th Baltic Summeracademy of Cardiac Surgery will focus on future developments in clinical cardiac surgery. Young cardiac surgeons (below 35 years) are invited to submit and present abstracts on innovation, technology and vision concepts. The **best 20 abstracts** will be selected for oral and poster presentation. The meeting will additionally present impulse lectures on shifts in technology training, research knowledge and clinical evaluation methodology.

Abstracts should be sent to:
jana.gabriel@med.uni-rostock.de

until **March 31** and contain new concepts and research work related to the topics:

Operative and interventional techniques Imaging and diagnostics New technologies Basic research

The **scientific committee** will be available as discussion partners and present impulse lectures for speed discussions (each 30 min) on:

Cardiac surgery 2030 **Dr. A. Kaminski**, Rostock

Clinical teaching and training
 – quality control **Prof. Dr. C. Hagl**, Hannover

Basic research training **Prof. Dr. B. Vollmar**, Rostock

Publication training **Prof. Dr. T. Doenst**, Jena

Design and plan clinical
 study protocol **Dr. G. Tiedemann**, Berlin-Rostock

From technique to clinical specialist
 Interventional Cardiology **Prof. Dr. H. Ince**, Rostock
 Interventional Cardiac Surgery **Prof. Dr. T. Walther**, Bad Nauheim
